Thro' the Accountant-General, Madras.

Sir,

I have the honour to solicit the sanction of Government for the appointment of a permanent draftsman on Rs. 30-2-50 in the District Forest Office, Kollegal, in lieu of the present temporary draftsman on Rs. 40.

2. In G.O. No. 1399 Rev., dated the 14th June 1915 and 1897 Rev., dated the 19th August 1916, Government sanctioned t employment of permanent draftsmen in most of the District off No permanent man was recommended then for Kollegal by the Bo

6. The present monthly cost of the establishment of the District Forest office, Kollegal, inclusive of the temporary draftsman on Rs. 40 is Rs. 280 and the cost after the proposed revision will be Rs. 283 $\frac{1}{3}$. The extra cost involved is trifling.

I have the honour to be,

Sir,

Your most obedient servant,

Copy of office note R.O.C.No.90 Supr. of 1920 dated 20th March 1920 from the District Forest Officer, Kollegal to the Conservator of Forests, Western Circle through the Collector of Coimbatore.

Reference:-- Conservator's R.O.C.No. 398 of 20-2,. dated the 10th March 1920.

I beg to report that the head-quarters of Trichinopoly, North Coimbatore and Central Coimbatore being the same as the head-quarters of the Collector of the district and being situated on a Railway, easily attracts men for every class of work. But, Kollegal however, the head-quarters of this Division, has but little attraction for anyone. Not only is it in a remote corner of the Coimbatore District, but also the conditions of living are more costly than elsewhere. To proceed to and fro, on leave for even a few days, costs a clerk a whole month's pay! Generally speaking, living in Kollegal town, is viewed by clerks and others as equivalent to camping all the year round in the expensive tracts of -- other Divisions.

2. Surveyor Draftsmen of any experience can I believe, very easily find work in more congenial head quarters, and naturally do not find it worth their while to accept work in places like Kollegal where a slightly higher pay in nowise compensates for the higher cost of living and the lack of several other conveniences they so much cherish.

3. I have advertised on no less than 3 occasions and received but scanty replies from raw and unqualified men. The last man I had, suddenly disappeared on the 1st December 1919 -- after receiving his pay and had not the remotest ideas of a Draftsman's duties.

4. I see no hope of securing a fully qualified and somewhat experienced Surveyor Draftsman unless the post is made permanent on a pay of Rs.50-2-60 per month. In this connection I beg to point out that there is ample work for a Surveyor Draftsman in this Division. There are at present 4 fuel coupes to be surveyed

surveyed annually; little or nothing has been done towards the surveying of the Sholagar Podus and we have not the faintest idea as to how we stand in this respect; the maps of the whole Division are very behind hand and there is much to be done to get them up to date; the sandalwood dibbled areas require to be surveyed. Apart from this, several new surveys will have to be made annually, if new experimental areas for sowing are taken up, as I propose doing; some additional fuel coupes in new working circles will require to be surveyed and various other new roads, etc. All the above surveys will be in addition to the usual routine work of the Surveyor Draftsman while in Head-quarters.

5. I request orders may be kindly passed, at a very early date, as works in this respect are absolutely held up for want of a good (or any) Surveyor Draftsman and besides several plans and estimates are kept pending.

2. There is no audit objection to the creation of a permanent draftsman's post on Rs 30-2-50 in Kollegal Forest Office in lieu of the temporary appointment on Rs 40/- being sanctioned by the Local Government in the Financial Department. It is open to Local Government to permit the present incumbent of the temporary appointment to start on an initial pay of Rs 40/- in the new appointment under article 153 (b), Civil Service Regulations.

3. The present monthly cost of the establishment of the District Forest Office as stated by the Chief Conservator is correct.

4. The District Forest Officer's report referred to in para 2 of the Chief Conservator's letter has not been received in this office.

In the circumstances reported by the CC the permanent employment of draftsman in the District Forest Office, Kollegal, may be sanctioned. The pay proposed Rs 30-2-50, is the same as that allowed to other draftsmen in District Forest offices.

In view of the remoteness of the locality and of the present difficulty of recruiting draftsmen for the Kollegal division the CC recommends that the draftsman may be permitted to start on Rs 40 in this case. He apparently refers only to the present incumbent and not to future incumbents, for otherwise, there would be no meaning in calling the scale 30-2-50.

fee 17.6.20

The present incumbent would have been drawing Rs 40 p.m. if he may be started on Rs 40 in the new scale. An alternative is

217

to start the man on Rs 30 + give him a personal allowance of Rs 10 pm to be extinguished under Artl of the C.S.R. This would mean that the man can get Rs 42 pm only after Six years and that all the time he will be drawing the same aggregate of Rs 40 — whatever part of it is called 'pay' and whatever part 'personal allowance'. Such a Solution will not apparently do; ~~because~~ it is reported that there is much difficulty felt in recruiting men for the place. Submitted that the man may therefore be started on Rs 40 pm

A draft order is Submitted which may be sent to Fin for acceptance before issue.

Submitted that the permanent employment of draftsman on a pay of Rs 30-2-50 ~~in the~~ District Forest Office, Nilgiri may be accepted in Financial.

2. Please see para 5 of the Chief

Conservator's letter on p 2 C/- and para 2 of the Rev (spl) Dept note on pages 1-2 supra.

It is proposed to start the present incumbent X on Rs 40 in the new scale of Rs 30-2-50. on the ground that his present pay is Rs 40 (temporary) and that there is difficulty in recruiting draftsmen for the Hollegal division on account of the remoteness of the locality. In 1915 when the temporary draftsmen employed in some of the District Forest Offices were made permanent, the incumbents of the posts were only started on the minimum pay, personal allowances being granted to those who were drawing more than the minimum.— Vide para 2 of

E G.O. No. 1329 Rev dt 14.6.15 and the notes sidelined on pages 14-15 of that G.O. It would appear that in the present case the minimum pay with a personal allowance of Rs 10 would be sufficient. The draftsman will in addition draw the temporary

M allowance of Rs 10 sanctioned in G.O No 489 Financial dated 1.6.20.

3. Subject to the orders on para 2 above (modification with reference) the draft order may be accepted in Financial & the sanction registered as No. 134 of 1920-21

With reference to the chief Secy's remarks above, attention is solicited to the D.F.O's letter at pp 4-5 C.F. in which he points out the difficulty felt in getting a suitable draftsman for his office on new of the remoteness of the locality. The D.F.O reports that the last man he had (on Rs 40) disappeared on 1-12-19 and he states that, unless the post is made permanent on a pay of Rs 50-2-60 per month there is no hope of securing a fully qualified and somewhat experienced surveyor

Office of 30-2-50

This is the usual scale for draftsmen in the Office of D.F.O.s. It shows [illegible] is extremely difficult to get men to go there. The C.E. recommends that the draftsmen be allowed to commence at 40/- There appears no point (except uniformity with other offices) to specify a scale of 30-2-50 & then allow the incumbent to start halfway up the scale. The best thing to do seems to be to specify the degree scale. 30-2-50 & then give a local allowance only to the demonstrators on the headquarters of the tract

Please see notes at pages 2-4 ante. A scale of Rs 30-2-50 to the draftsman in the D.F.O's office, Kollegal with a local allowance of Rs 5 was agreed to in this dept. The Rev Spl Dept now suggest that the local allowance may be Rs 10 instead of Rs 5. As the draftsman will in addition to his pay and local allowance draw ~~the~~ allowance of Rs 10 under Govt no 4 Fin dated 1.6.20., it does not seem necessary to sanction the higher rate of l.a now proposed.
